

Proposed Amendment to IUEC Local 133 Constitution and Bylaws

**Resolution will be voted on at the April 7th meeting at 6pm by secret ballot vote.

Resolution: Constitution and By-Laws-**Article XIII (13) Section VIII (8)** Dues and Assessments

Submitted By: Building Committee Members to the membership in accordance with current Constitution and By-Laws.

RE: Membership Building Fund Assessment

Whereas the Building Committee members have been tasked with creating a plan of action in the best interest of the Local 133 in regards to ownership of a Union Hall. To best provide a reasonable, realistic and fiscally responsible proposal to the body, the committee has concluded that an assessment is necessary in order to be able to move forward with this process.

Whereas the process leading to ownership of a Union Hall including purchase of property and or facility that may possibly include construction or remodel is complex and may be a time sensitive matter. It is necessary to ensure that Local 133 is able to meet all necessary responsibilities that may be incurred during this process.

Now therefore be it resolved **Article XIII (13) Section VIII (8)** shall be added to current Local 133 Constitution and Bylaws to read as follows:

A building fund assessment of \$50.00 per member per quarter shall be paid and placed in a existing building fund account that will be used toward ownership and maintenance of a Union Hall. All funds collected from NEIEP for classroom and storage space rental from Local 133 at fair market value shall be applied to said building fund account. An annual review of this assessment shall be completed to determine if an adjustment is necessary.
